

Villaricos, ALMERIA

This courtyard, top floor, three bedroom apartment is located in the traditional fishing village of Villaricos. Built in courtyards, around their own private community swimming pools, splash pools, gardens and more formal plazas, with fountains and sitting areas. The property benefits from being a haven of privacy, sunlight and tranquillity within and on the periphery of the village. Features include sea views from the roof terrace, kitchen with granite worktop and tiled bathrooms. There is a FREE Golf Membership package included (Value: 29,000€) in Desert Springs Golf. Villaricos is a simple fishing village, perched precariously between the Sierra Almagrera and the sea and flanked by the Almanzora River. Dating from Neolithic times, Villaricos was once a great Phoenician port. Forgotten by history for thousands of years, it resurfaced as a silver mining boom town in the 19th century before finally becoming the pleasant fishing village of today, with a special identity all of its own. Every morning early, the men go out to sea to fish, farm the land or to work in local marble quarries. Women take their children to school and chat. Life has a very traditional rhythm. Every weekend its people meet in the small old village square where, each Sunday, a colourful market thrives. The real charm of Villaricos lies in its old fashioned simplicity and warmth of spirit and it is this lack of pretension that catches you in the end.
